

Three More Ways to Love God

Name _____

Jesus tells us we should love God with our whole heart, with our whole soul, and with our whole mind. What does this mean?

You love with your whole HEART when you have warm, loving, and caring feelings about someone. You don't feel angry or jealous, just kind and gentle. You want to do good things for this person. This is the way God loves you. This is the way you can love God with all your heart.

You love with your whole MIND when you always think nice things about your loved one. When you pray, you are loving God with your mind. When you think about God, you are loving God with your mind. God thinks about you all the time. You can love God like that too.

You love with your whole SOUL when your loved one becomes a part of everything you say and do. When you have an important decision to make, you talk it over with your loved one and decide on what is best for both of you. This is the way God loves you. You can love God like that too.
