

Other Gods

Name _____

Anything that gets in the way of our love, honor, and worship of God becomes another god in our lives. For example, if we place more importance on winning awards than we do on loving God, we have created another god to honor. If our desire to get high grades causes us to cheat, we have created another god to obey. If we miss Mass to go to a game, we have created another god to worship. If we think more about being popular with our friends than with God, we have created other gods to love.

Below is a list of things that may (or may not) become other gods for us. These things are not bad in themselves, but they can be dangerous if we place too much importance on them. Find and circle each of these things in the puzzle.
