Name _____

Draw a line to each part of the body described in the poem below.

God gave me  to see the earth,

My  to fold in prayer.

God made my  to say kind words

To people everywhere.

God gave me  to hear the birds.

Whose songs are pure and fair.

God made my  for smells so sweet

Of flowers in the air.

I want to use my head and heart,

To serve the world with love.

I'll try to use these all for good,

To praise my God above.
